

"THE THIRD ONES A CHARM, BUT NOT TO MY BODY."

MEGAN, ACTUAL PATIENT

"After my third child, a precious baby girl, my body just didn't bounce back like before. What gravity hadn't already taken, she did. When I heard about Dr. James Knoetgen at Beautologie and his Mommy Makeovers I knew it was the procedure for me and that he was the doctor for me. Dr. Knoetgen worked as an instructor of plastic surgery at the Mayo Clinic for seven years.

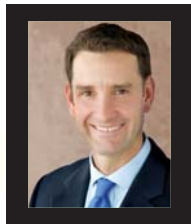

I was a huge chicken and really afraid to go into surgery. But Dr. Knoetgen and his staff were great and they kept me calm the whole time. I love the results, I look great in my clothes again and I'm so happy I did it."
